PRESIDENT'S MESSAGE

Jerry Huntsman - President STGCSA

We have a great line up for the remainder of the year and hope you plan on attending the Member/Guest/Guest/Guest on July 22 at The Golf Club at Texas A&M University. Bring your family and friends out to enjoy a fun day of golf and meet some of your fellow superintendents and coworkers.

We will have a silent auction set up for some rounds of golf from the EIFG Rounds 4 Research. Thank you to Jason Barrington for heading up this program and to everyone who donated rounds. South Texas came in 5th place overall, with the top bid of \$4,750 for a round of golf for four donated by Whispering Pines Golf Club in Trinity, Texas. Great job!

The Scholarship Banquet is set for Saturday, August 10 at Elkins Lake. More information will be sent out to those who qualified.

Hope to see you all in July!

Jerry Huntsman

South Texas Chapter

WE ARE GOLF

NATIONAL GOLF DAY MAY 1, 2019

By: Jason Barrington, Superintendent - The Golf Club at TAMU

This was my first time to experience National Golf Day. I was able to take part in the community service project at the National Mall.

The annual National Golf Day service project was held on Tuesday, with more than 200 volunteers completing 18 projects. We installed 12,000 sqft of new sod, mowed 10 acres of turf, planted 10,000 annuals, and much more. I personally worked on the JFK Hockey fields; we seeded the area with Bermuda Grass after using an Aerivator. I was blown away with how big the National Mall is and that is really just a big park.

On Wednesday, we went to Capitol Hill and met with different members of Congress and House of Representatives. It was great sharing our concerns and getting their takes on golf and our industry as a whole. We are definitely making a difference and being noticed. I would love to go back and continue to learn, make a difference, and share how great our industry is and the economic impact we have on our country.

Making Texas **A HEALTHIER SHADE OF GREEN!**

All Seasons Turf Grass has more than 30 years of experience delivering the very best turfgrass for projects across Texas. We use state-of-the-art technologies to keep costs down while growing healthy, lush grass.

And because we cut to order, when you see All Seasons Turf Grass being installed, you can be assured that it was still growing on the farm just hours ago.

Call us today or visit our main office just west of Houston to see what a difference our grass can make.

32601 F.M. 529 • Brookshire, TX 77423
 Phone 281.375.7505 • AllSeasonsTurf.com

Our state-of-the-art equipment helps ensure our grass is lush and healthy year round.

Sand-grown turf allows water to percolate through the soil, ensuring deep root growth.

We cut to order, so every delivery is as fresh and healthy as possible.

OUR GRASS VARIETIES

- PALMETTO ST. AUGUSTINE** - The cold tolerant St. Augustine
- RALEIGH ST. AUGUSTINE** - Our most popular St. Augustine
- CELEBRATION BERMUDAGRASS** - The versatile, fast growing Bermuda
- TIFTUF BERMUDA** - The most drought tolerant Bermuda
- TIFWAY 419 BERMUDA** - The proven standard for golf & sports turf
- CAVALIER ZOYSIA** - A fine textured, highly dense turf
- EMERALD ZOYSIA** - The Cadillac of lawn grasses
- EMPIRE ZOYSIA** - A chinch bug resistant grass with above average drought tolerance
- GEO ZOYSIA** - A shade tolerant turf grass for landscapes of distinction
- L1F** - A tee-to-green grass
- PALISADES ZOYSIA** - A medium textured grass that is great in shady areas
- ZEON ZOYSIA** - One of the most shade tolerant, fastest growing Zoysias on the market

ATTENTION SUPERINTENDENTS: Seeking Unpaid Groundskeeping Position

My name is Jackson Wood, I am stationed at Peterson Air Force Base, and I was hoping that you could put me in touch with any superintendents in the Houston area who might be interested in taking on an unpaid intern. I plan on participating in the Air Force's SkillBridge program, which allows members to begin training for their next career during their last few months in the service. Learning a little more about golf course maintenance is an exciting prospect to me, and with your network of superintendents, there's bound to be somebody willing to take on an extra set of hands at no monetary cost to them. The timeframe would be from January through April of 2020.

Thank you so much for your time and I look forward to hearing from you.

Very respectfully,

Staff Sergeant Jackson Wood

NEED
HELP?

Member Spotlight

Terry Gill, Golf Course Superintendent at Brae-Burn Country Club

Growing up on a Farm & Ranch in Cleburne, Texas along with 3 brothers and 3 sisters was quite a challenge every day for my awesome parents. We had a lot of farm animals, anywhere between 80-100 horses, 40-50 sheep for our FFA projects, chickens, and goats for our enjoyment. We raised a lot of hay and oats just to feed our animals. My dad also had a welding shop, building all kinds of metal products like trailers, cattle guards, and feed troughs. Even as young kids, we were always up at dawn feeding the animals before heading out to school. The summer months were spent harvesting the crops or baling hay. In my teenage years, Coastal Bermuda grass was just being introduced to the North Texas area, so my dad started a grass sprigging business, which 2 of my brothers and myself were in charge of running, where we planted 1,000's of acres in that region. Being in a profession that requires a lot of hours working with the soils growing grass or working on equipment, has just become natural.

But, my childhood dream was always to be a professional cowboy. In 1970, my senior year of high school, I won The Texas State All Around Cowboy title and received a rodeo scholarship to Tarleton State University, which I attended for a short time before heading out to fulfill my dream. After a few years and several bad injuries, I had to give it up and try something different. In 1974 not wanting to return to the farm life, I moved to Houston where my brother and I worked in the Petro-Chemical field for 4 years as pipe draftsmen. In 1978, I started a Landscape and Retail Nursery business in League City which I ran until 1988. Over those years I had become friends with the Superintendent at Clear Lake Golf Club, Mike Burris, and Friendswood Development Co. President, Roy Pezo. In 1988, when I sold my business, they were just getting ready to build Bay Oaks Country Club, when Mike and Roy convinced me to go to work for Friendswood Development to help build the course. Just starting to play golf and having the golfing bug, I thought why not build the course, then play golf for free is not a bad gig, do it a couple of years then move on; 30 years later, I'm still doing it. I worked for Mike for 6 years then took over as Superintendent of Bay Oaks until 1999 when the opportunity to become Superintendent at Brae Burn Country Club presented itself.

I have always enjoyed everything I do in life, because every opportunity presents different challenges, sometimes good, sometimes bad. I believe in helping others and giving back what you can. Since 1997 I have served on either the STGCSA or the LSGCSA Board of Directors, serving as South Texas President in 2003 and Lone Star President 2015 & 2016. I also served on the USGA Green Section committee for 10 years. I have enjoyed serving all organizations and have been rewarded with the 2008 "Sonny Dubose Distinguish Award" and the 2015 Lone Star "Star Of Excellence Award". As a 30 year member of South Texas, Lone Star, and GCSAA, I have had the opportunity to meet hundreds of other Superintendents, Vendors and Officials. This has allowed me to play golf in 5 different countries on many of the finest golf courses in the world. I feel very blessed to do what I do, with my beautiful and fun filled wife Beth keeping me young; I hope to continue a few more years.

Scott Sipes, All Seasons Turf Grass

I was born in Corpus Christi in 1964 as a 7th generation Texan, and my family moved to West Houston in 1969. I graduated from Katy Taylor in 1983 as a High School All American in swimming and water polo. I received a Swimming Scholarship to the University of Southern California and swam there my freshman year. After a lengthy college educational tenure, I moved back to Houston and graduated from the University of Houston in the Fall of 1993 with a History degree. I then embarked on a sales career that included everything from men's shoes to apartment renovations. In the Spring of 2008 I meet the love of my life, Irene Gavranovic, on a bus adventure to a Houston Astros Baseball game. A couple of years later, we were married in Key West with all 9 nieces and nephews as bridesmaids and groomsmen. We now live in Weston Lakes with our three fur babies--the 2 boxers, Focus and Duke, and the leader of our pack and our company mascot, Schotzy, the miniature schnauzer.

Around the time I got engaged, Irene and her father, Willie Gavranovic, approached me about representing their company to the Golf Course and Sports Field industries. When I asked what that entailed, Willie responded, "Well ... they have a meeting, lunch and then they play a round of golf." After seconds of soul searching, I found this aggregable and that started my career in the Golf Industry. With the strength of an existing customer base and the incredibly strong business organization that is the South Texas Golf Course Superintendents Association, I was able quit my normal job and work full-time with Irene growing and selling All Seasons Turf Grass' products. In the past 10 years, we have been part of some amazing projects. My first, the sprigging of Sterling Country Club at Houston National, was quite the learning experience...as at one point, we tried to sprig in 30 mph winds. There is no way to describe the feeling of seeing an entire truckload of sprigs blowing down a fairway like some kind of grassy blizzard. The lessons learned. Since then, All Seasons Turf has done a wide range of projects from providing the sod for Bluejack National Golf Course to resurfacing BBVA stadium and to being on the ground floor of hopefully bringing the World Cup games to Texas in 2026. I am proud to say our golf course customer list sounds like a Who's Who of golf courses in South Texas, from Atascocita to River Oaks to Whispering Pines.

Anyone who know me knows that I am not all work and no play. Since Irene and I met later in life, we have started to travel extensively. Two years ago we travelled with two other couples to Croatia and spent a week on a catamaran. Last year we went to Costa Rica where Irene and I tag teamed on catching a 350+ lb. Blue Marlin. In addition to travel and fishing, I also enjoy hunting. I am fortunate enough to own Focus, the World's only "Boxer Bird Dog". Focus and I hunt everything from pheasant in South Dakota to quail in Del Rio. The sod industry also adds to our travel schedule. Irene and I travel to over seven sod shows a year and we are both on several Board of Directors for sod-related organizations. The rest of our time is spent "watching the grass grow"...hopefully fast.

The South Texas GCSA is once again offering the:

2019 STGCSA Marian Takushi Memorial GIS Scholarship

The STGCSA is sending two deserving Superintendent Members to the January 2020 Golf Industry Show in Orlando, Florida.

The scholarship will cover the cost of registration, round trip airfare between Houston and Orlando, 4 nights hotel stay, a \$50/day stipend and registration for one 1/2-day seminar.

The scholarship is intended to assist STGCSA Superintendent Members whose club does not normally pay for them to attend the conference, though all are welcome to apply.

The applicants selected will be asked to write a short article for the March/April 2020 Tee to Green issue recapping your experience and how you benefitted from attending the conference. If you are interested in applying, please fill out the application and return to stgcsa@stgcsa.org by October 1, 2019.

Rounds 4 Research auction raises \$364,000 for turfgrass studies

by May 23, 2019 | Sarah Huerter

National program has raised more than \$1 million since 2012.

Lawrence, Kan. (May 24, 2019) -- The 2019 Rounds 4 Research fundraising program to support turfgrass studies, administered by the Environmental Institute for Golf (EIFG), sold 1,465 rounds of golf and yielded nearly \$364,000 in its May online auction, making it the most successful in the program's history and an increase of \$51,000 over 2018. The EIFG is the philanthropic organization of the Golf Course Superintendents Association of America (GCSAA).

The Carolinas Golf Course Superintendents Association raised \$61,000 and was the leader among more than 70 GCSAA affiliated chapters and turfgrass organizations that received proceeds from the auction to support turfgrass research at the local level. The Florida GCSA was next with nearly \$40,000 raised for its chapter.

The top bid was \$4,750 for a round of golf for four donated by Whispering Pines Golf Club in Trinity, Texas.

"Rounds 4 Research continues to grow every year, and that is thanks to generous donors and bidders who care about supporting the game they love," said Rhett Evans, GCSAA chief executive officer. "It is wonderful to see all aspects of the game come together to ensure its future."

The national campaign is supported by a \$50,000 donation from The Toro Co. The Golf Channel, Golf Advisor and GolfNow provided promotional support. More than 70 golf course management companies donated more than 400 rounds to the auction, including American Golf, Billy Casper Golf, ClubCorp, CourseCo, Founders Group International, Marriott Golf, the PGA Tour TPC Network and Troon Golf. The program has raised nearly \$1.5 million since launching in 2012.
