

VGM Club is more than just a member-service organization. It is a community. Bonds within a community strengthen when members **come together during difficult times**. Hurricane Harvey is no exception. This is why during this time, whether you are a VGM Club member or not, we want to **extend our services to you**. Our partners feel the same way and below you will find a list of partners **ready to assist you** and your club rebuild as quickly as possible, **whenever you are ready**.
